

## **HAZARDOUS SUBSTANCE/DANGEROUS GOODS RISK ASSESSMENT**

## NAME OF SUBSTANCE: Borax Decahydrate

	Yes	No
Is the product classified as Hazardous?	Yes	
Is the product classified as Dangerous Good?		No
Is the product Flammable?		No
Is the product Combustible?	Yes	
If the product is flammable or combustible, is the quantity below the	Yes	
limit for "Minor Storage" in AS1940		

Does the product MSDS state any PPE requirements? (Y = Yes, N = No) Safety Glasses Y Gloves N Respirator Face Shield N Chemical Resistant Apron Detail material/glove/etc type, if applicable, and other PPE requirements:  None  Does the product MSDS state any Storage and Handling requirements? Details  No  Do all operations (use, storage and handling) conform to the requirements of the product MSDS? Yes Yes	Does the product MSDS state any Engineering Control requirements in the Precaution for Use?  Details
Safety Glasses  Y Gloves N Respirator Face Shield N Chemical Resistant Apron Detail material/glove/etc type, if applicable, and other PPE requirements:  None  Does the product MSDS state any Storage and Handling requirements? Details  No  Do all operations (use, storage and handling) conform to the requirements of the product MSDS?	None
Safety Glasses  Y Gloves N Respirator Face Shield N Chemical Resistant Apron Detail material/glove/etc type, if applicable, and other PPE requirements:  None  Does the product MSDS state any Storage and Handling requirements? Details  No  Do all operations (use, storage and handling) conform to the requirements of the product MSDS?	
Safety Glasses  Y Gloves N Respirator Face Shield N Chemical Resistant Apron Detail material/glove/etc type, if applicable, and other PPE requirements:  None  Does the product MSDS state any Storage and Handling requirements? Details  No  Do all operations (use, storage and handling) conform to the requirements of the product MSDS?	
Face Shield  N  Chemical Resistant Apron  Detail material/glove/etc type, if applicable, and other PPE requirements:  None  Does the product MSDS state any Storage and Handling requirements?  Details  No  Do all operations (use, storage and handling) conform to the requirements of the product MSDS?	Does the product MSDS state any PPE requirements? (Y = Yes, N = No)
Detail material/glove/etc type, if applicable, and other PPE requirements:  None  Does the product MSDS state any Storage and Handling requirements?  Details  No  Do all operations (use, storage and handling) conform to the requirements of the product MSDS?	Safety Glasses Y Gloves N Respirator
None  Does the product MSDS state any Storage and Handling requirements?  Details  No  Do all operations (use, storage and handling) conform to the requirements of the product MSDS?	Face Shield N Chemical Resistant Apron
Does the product MSDS state any Storage and Handling requirements?  Details  No  Do all operations (use, storage and handling) conform to the requirements of the product MSDS?	Detail material/glove/etc type, if applicable, and other PPE requirements:
Details  No  Do all operations (use, storage and handling) conform to the requirements of the product MSDS?	None
Details  No  Do all operations (use, storage and handling) conform to the requirements of the product MSDS?	
Details  No  Do all operations (use, storage and handling) conform to the requirements of the product MSDS?	
Do all operations (use, storage and handling) conform to the requirements of the product MSDS?	
Do all operations (use, storage and handling) conform to the requirements of the product MSDS?	Details
	No
No No Additional actions required	No No Additional actions required
Detail additional actions to control risks associated with this product:	Detail additional actions to control risks associated with this product:

NOTE: Flammable and combustible liquids must be stored in compliance with AS1940 standards. If the quantity is below the limit for "Minor Storage" only Section 2 of the Standard needs to be considered.
